

The Paudash Clubhouse - Location

Posted: September 25, 2008

- Take Hwy 28 North of Apsley to Dyno Rd (Hwy#48) and turn left.
- Continue along Dyno Road for approximately 3kms.
- As you are driving along, please be aware of a couple of sideroads - including one on the right about 1km in from Highway 28 - that looks like it should be Dyno Road but is not. It can be a little confusing!
- Also be careful of some sharp turns with moderate slopes - they don't look like much, but if you are not paying attention there are a couple turns that just love to suck in big trailers. Digging them out on a Saturday morning is no way to start a ride!
- Dyno Road will eventually come to a fairly open intersection. Turn left onto Eels Lake Road and towards the Homestead Trailer Park.
- Follow Eels Lake Road roughly 1km and then take the first right
- Follow this road for about 1km and the clubhouse will be on the left-hand side.
